1. Receipt is acknowledged of the Terminal Disclaimer filed January 25, 2007, which has been approved.

2. Claims 25-36 are pending in this application.

Claims 29-36 have been withdrawn from consideration as drawn to the non-elected species.

Claims 25-26 are drawn to the generic claim.

Claim 28 is drawn to allowable subject matter in view of the Terminal Disclaimer.

Claim 27 contains subject matter, which has now been examined based on the non-elected species.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Claims 25-27 are rejected under 35 U.S.C. 102(b) as being anticipated by Samid, U.S. 5,605,930 or Elson, U.S. 6,133,312.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Each one of the references teaches a species within the scope of the Markush grouping of Claim 27, which includes benzyl alcohol of Samid [claims 25-27] and Elson [claims 25 and 27], which includes ionone, limonene, and geraniol within the scope of the claims.

4. Claim 28 is objected to as being dependent upon a rejected base claim [claim 25 and 26], but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

The prior art was a proper rejection based on the art of record, which was overcome by the Terminal Disclaimer. This action is made Final because a new search and examination of the additional species has been required.

6. **No claim is allowed.**
